PART SPECIFICATION

Dimension	Nominal
Overall X	8.50
Overall Y	20.50
Overall Z	1.00
Quantity	1
Installed inserts	None

FUNCTIONAL FEATURES

- Rigid keeper: uniform 1.00 thickness. Four lateral retaining tabs. Print geometry as supplied.
- No holes, threads or inserts. Fits lid ledges beneath the button-strip mounting bar.
- Assembly translation: 3.30 along the lid guide. Keep sliding edges free of coating buildup.
- Customer applies a removable resin-compatible silicone bead at the keeper / lid seam to prevent backing out. Do not bond moving controls.
